Your reference list should be ordered alphabetically by author and then chronologically by year of publication. The APA 6th style requires the references to be indented as illustrated below in the examples. For instances of multiple articles with the same authors and years of publication, please check the APA publication manual or Academic Writer. If you have the DOI for the journal article, you should include it in the reference, otherwise, it is not necessary.

Note: All citations should be double spaced and have a hanging indent in a Reference List. A "hanging indent" means that each subsequent line after the first line of your citation should be indented by 0.5 inches. Below is a link to an APA sample paper that contains instructions about how to format a hanging indent in a paper.

### **A guide to APA referencing - 6th edition**

The APA style calls for three kinds of information to be included in in-text citations. The author's last name and the work's date of publication must always appear, and these items must match exactly the corresponding entry in the references list. The third kind of information, the page number, appears only in a citation to a direct quotation.
