## Clean Protein

Clean Label Project is committed to changing the definition of food and consumer safety through data, science, and transparency. We have recently tested the protein powder industry to see how clean protein powder is. When it comes to protein powders, consumers are looking for clean protein to complement their already healthy lifestyle choices.

## Health & Fitness - Clean Label Project

Clean Simple Eats protein powder is healthy, effective and, of course, has a deliciously rich flavor and creamy texture! This is truly naturally sweetened and made from grass-fed whey. The whey is cold processed from start to finish, keeping all of the nutrients intact so your body can actually utilize all 20g of protein!

## Clean Protein ® نيٲورب ني ل ك (@clean.protein) • Instagram

...

Clean Lean Protein is naturally sweetened with a fruit protein derived from a West African plant called the Katemfe Fruit (African Serendipity Berry). The protein is known as Thaumatin. Thaumatin is a protein, but it is classified as a natural sweetener. It is digested in your body just like any other protein.

## Plant-Based & Vegan Clean Protein Powder | Clean Program

It's inefficient, environmentally devastating, dangerous for public health, and a nightmare for animals. Clean protein is an elegant solution to all of these problems. Even Tyson's CEO Tom Hayes predicts that in 25 years, about 20 percent of meat will be either clean or plant-based—a claim that some industry experts expect to be a low estimate.
