Economic Development Division

The basic objective of planning is to exercise control over the private sector of an economy. Controls are exercised over economic resources which are scarce. When the economic resources of the country are rationally arranged with a predetermined purpose, it is called economic planning. It usually refers to

planning by the State.

Economics of Development and Planning ; Theory and ...

The Department of Planning and Economic Development (PED) builds community wealth through business, housing, jobs, planning, financial and cultural assets. To achieve this mission the department administers a variety of planning, housing, business and economic development activities. These activities support a number of community initiatives and also provide direct benefits to home owners, home buyers, renters and businesses.

Development economics - Wikipedia

Economic planning is a resource allocation system based on a computational procedure for solving a constrained maximization problem with an iterative process for obtaining its solution. Planning is a mechanism for the allocation of resources between and within organizations contrasted with the market mechanism. As an allocation mechanism for socialism, economic planning replaces factor markets with a procedure for direct allocations of resources within an interconnected group of socially owned o
