Facebook Platform - Wikipedia

At F8 2014, we introduced Graph API v2.0, updates to Facebook Login, and a lightweight Login Review process in order to give people more control over the information they share with apps. We gave developers a year to upgrade their apps, so on April 30, 2015, we will start automatically upgrading apps to Graph API v2.0, and removing access to any permissions which have not been approved for use via Login Review .

Understanding Graph API — or Facebook Development — Syntax ...

I just finished reading Facebook Application Development with Graph API Cookbook. It provides over 90 recipes to create web apps with the Facebook API. The variety of topics and the amount of practical code examples makes it a useful reference for the FB API developer. The book is structured as follows:
