between the sexes is an interesting area to study so high school, college, and university students are often assigned to write essays on gender topics.

Key Issues in Poverty & Inequality - Stanford Center on ...

In this excellent analysis of power distribution and its effects, sociologist Jerry Kloby presents data on the increase of wealth and income inequality, and argues that many of the policies pursued by the developed nations and international corporations have led to a deterioration of living standards and the environment in many parts of the world.

The consequences of economic inequality

Wealthy citizens maintain disproportionate political power compared to poorer citizens, which encourages the development of inefficient tax structures skewed in favor of the wealthy. Unequal income distribution increases political instability, which threatens property rights, increases the risk of state repudiated contracts, and discourages capital accumulation. [28]
