Bing: Just For Fun The Story

"Just for Fun: The Story of AAU Women's Basketball" by Robert W. Ikard, is a book that is critical to understanding the shape of women's basketball in the years prior to passage of Title IX of the Education Amendments of 1972, and the dramatic changes that soon came about, including some understanding of the fight between the AAU and the NCAA.

Just For Fun The Story

Fun book/biography of the story around the birth of a new operating system (well a derivative operating system) that was critical to the history of computer software. The most important impact of the Linux story is the potential productivity of a motivated decentralised force that have a shared objective under an open software development mind set.
