Parenting Education And Social

The parent-school relationship is one that should begin early, a fact recognized by both the U.S. Departments of Health and Human Services (HHS) and Education (ED). In May 2016, these departments issued a joint Policy Statement on Family Engagement from the Early Years to the Early Grades to recognize the critical role of parents in promoting children's success starting in early childhood systems and programs:

Parenting Education Program (PEP) — Connecticut Council of ...

There is also a correlation between parents' education level and families' income level. According to the National Center for Children in Poverty (NCCP), the less educated a parent is, the more likely the family will be low-income. The NCCP study found 86 percent of children with parents who have less than a high school degree live in low-income families, compared with 67 percent of children with parents who have a high school degree (but no college education) and 31 percent of children ...

How Parent Involvement Leads to Student Success ...

Parent involvement in schools is the first step to parent engagement and, ultimately, parent partnership. When parents and teachers work together to establish a thriving classroom, the effect on their students is profound. Students with engaged parents don't just have high test scores: their attendance, self-esteem, and graduation rate rise, too.
