The POGIL Activity Pathway has been developed to clarify a process by which activities move through an electronic system that is being developed, the POGIL Activity Clearinghouse (PAC). The PAC is being developed to provide a space to facilitate collaboration among POGIL users and authors and provide a central location for POGIL materials that ...

Table of Contents: POGIL™ Activities for AP® Biology

POGIL® (Process Oriented Guided Inquiry Learning) is a student-centered instructional approach in which students work in small teams with the instructor acting only as a facilitator. The specially designed activities follow a learning cycle paradigm in which students are presented with data or information to interpret and guiding questions to lead them toward valid conclusions-essentially a ...
