Something New Under the Sun. Steve Scafidi. It would have to shine. And burn. And be a sign of something infinite and turn things and people nearby into their wilder selves and be dangerous to the ordinary nature of signs and glow like a tiny hole in space to which a god presses his eye and stares. Or her eye.

Something New Under The Son is an album recorded by Larry Norman in 1977 and released in 1981. It was originally intended to be a three-sided album, however Larry's record company felt it was too negative and the project remained unreleased for four years.

Something New Under the Son - Wikipedia

“There is nothing new under the sun,” says Ecclesiastes. (1:9) But are we meant to understand by this that roughly 2,980 years ago a king was having one of those desultory, downer days that come along from time to time, or are we supposed to take at face value the truth that really nothing genuinely new ever happens beyond the conceit of contemporaneity imagining that it does?

Something New Under the Sun (Falling Sky #2) by L.A. Witt

The best of Something New Under the Sun is based solidly on first-person interviews. The section on Project Moonwatch is a fascinating glimpse into the consciousness of the time regarding satellites and space exploration. In 1957, there was no radar that could track a satellite so early tracking schemes were dependent on visual observation.
