Commissioning and Maintenance: Two Sides of the Same Coin?

- Commissioning ensures that a building operates as the owner intended and that building staff are prepared to operate and maintain its systems and equipment.
- Retrocommissioning uses a systems approach.
- It focuses more on operation than on maintenance, addressing why a piece of equipment is operating, not just how it is operating.

Testing Commissioning & Operation Maintenance - PT ...

ACS defines building testing and commissioning services as a proactive, integrated process for achieving, verifying and documenting building and systems components. Our process is implemented throughout the project, beginning in the pre-construction phase.
