Amazon.com: The End of Alchemy: Money, Banking, and the ...

Money is defined as a medium of exchange and in one form or another it has been around since recorded time. Mr. Hitchcock does not portray an end to money in all its various forms but rather an end to paper money as we know it. Skillfully Mr. Hitchcock identifies the current macroeconomic environment in easy to understand terms.

The End of Money and the Future of Civilization: Greco Jr ...

The End of Money is a very well-written and engaging book comprised of stories -- stories about individuals (characters?) around the world (England, Hawaii, India, Iceland, etc.) who will help you look at money (or cash) in a new light, and understand the role it plays in society, and what role it will play in the coming years.

The End of Money and the Future of Civilization | Beyond Money

The End of Money and the Future of Civilization demystifies the subjects of money, banking, and finance by tracing historical landmarks and important evolutionary shifts that have changed the essential nature of money. Greco's masterful work lays out the problems and then looks to the future for a next stage in money's evolution that can liberate us as individuals and communities from the current grip of centralized and politicized money power.
