All you need to know is that this narrative is ostensibly being written by a 25-year-old named Ken Wilber (part of Ken's poke at the self-reflexiveness of postmodernism), who has just found out that Kim, seated next to him, has been considering him as a potential father for her children—children that, given their nanobotic future, might have biological immortality (see esp. the previous two installments posted here:

### The Rise And Fall of Ken Wilber - Mark Manson

Ken Wilber is the smartest man you've never heard of. He's a philosopher and mystic whose work attempts to integrate all fields of study into one single model or framework of understanding. When I say, "all fields of study," I mean that literally.
